DETAILED ACTION

In response to Applicant's Response filed 06/23/2008. Claims 1-5, 7-10 and 16-17 are allowed. Claims 6 and 11-15 have been cancelled. Claims 1, 9, and 10 are independent claims, filing date 07/9/2003, which claimed priority of (EPO) 02368077.0 filed **07/11/2002** (Assignee: IBM).

Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 06/23/2008 has been entered.

Response to Arguments

Applicant's arguments filed 06/23/2008 have been fully considered and they are persuasive.

Allowable Subject Matter

Claims 1-5, 7-10 and 16-17 are allowed.

The following is an examiner's statement of reasons for allowance:

Interpreting the claims in light of the specification, Examiner finds the claimed invention is patentably distinct from the prior art of record, Koss (US 005231577A filed 04/06/1990), in view of Gauthier et al., (US20060053383A1 CON of USPAT 6,948,134 filed 03/27/2001); which set forth in the previous rejection mailed on 02/19/2008.

Under the broadest reasonable interpretation of the claimed limitation consistence with the Applicant's Specification, the prior art of record fail to teach all of the Applicant's claimed limitation. In particularly, the claimed invention advantageously provides a finer level of detail that enables a user interface to importing the plurality of source text files into the single spreadsheet file after the creating the source-format link wherein profile editor applying the selected file format profile to the imported source text file by using the source-format link and the location link as cited in independent claims 1, 9 and 10 see [Applicant amendment filed 06/23/2008 pages 2-3 and 4-11]. The above interpretation is supported by Applicant's disclosure, which is stated, " *the source*

file format profile manager 106 is a routine which allows that the formatting process performed after a conventional operation of importation is dynamically tailored to the source text file based on the file format profile 108 " See the Applicant's disclosure at Page 5, Lines 6-12.

The Examiner asserts that the claims overcome the prior art of record when the limitations are read in combination with the respective claimed limitations in their entirety.

The dependent claims, being further limiting to the independent claims, definite and enabled by the Specification are also allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Quoc A. Tran whose telephone number is 571-272-8664. The examiner can normally be reached on Mon through Fri 8AM - 5PM.
